

How to Use the Directory

The second half of the 2009 *Graduate Recruitment Handbook* contains the A-Z Directory of participating organisations. Below is a sample entry:

Information about the organisation - but you should still attend their talk and research them in the Career Information Centre or linking to homepages from the UCT Career Portal. Knowledge of what the organisation does is important so that you can relate yourself to its needs.

You will be surprised how often your choice of **degree or subjects** is relevant. Note also the personal attributes and **attitudes** that employers require. The **locations** of posts in South Africa are listed.

If you have any queries about the organisation or its recruitment process, this is the person to **contact**.

Neptune Projects South Africa

www.nepsa.co.za

Neptune Projects is one of the world's fastest-growing design, engineering and management consultancies. Specialising in property, transport and environmental projects, we work with clients to create built and natural environments for the future. Through continuous improvement of customer services, we strive to be the outstanding supplier of specialist and integrated services to the built and natural environment.

Axel Quindesen
Recruitment Manager

P.O Box 98867
Sagras Park
2152

Tel: 011 361 1300
Fax: 011 361 1301
Email: axelq@nepsa.co.za

Degree & Subjects, Locations	Contact Details
<p>Engineering and environmental graduates are encouraged to apply.</p> <p>Pride & passion, ethics, trust, innovation and sharing are essential.</p> <p><u>Location of posts:</u> Cape Town and Johannesburg</p>	

Application Process & Campus Events

Applications for employment should be made through the careers section of the Neptune Projects website, www.nepsa.com by 15 October 2009.

General Career Fair on 25 August 2009

Attending the **campus events** is vital if you want to be interviewed - your interviewer will assume you were there. If you attend the presentations of many different organisations you will begin to build an understanding of what's out there and what employers want from you.

Read the **application process** carefully as it is the key to obtaining the interviews you want. If the organisation requires an academic transcript, you will need to purchase a set from UCT Student Records well in advance.

Absa Capital

www.absacapital.com/graduates
